CLOUD SOLUTIONS

Cloud services improve data management, collaboration, and file sharing from multiple locations & devices. It costs less, encourages teamwork and efficiency, and is a huge step towards moving your association into the next stage of technological evolution. The cloud is an excellent way to tackle the challenges of mobile workforces and reduced budgets.

BACKUP & DISASTER RECOVERY

It's impossible to predict what could go wrong with your day-to-day operations. What you can do is be prepared for the possibilities. Like many organizations, access to company data and a reliable network is crucial to perform operations successfully.

With EMPIST BDR, we create three copies of your data which are securely stored in multiple locations, both on and offsite. These locations are closely monitored by our dedicated Backup & Disaster Recovery team. EMPIST BDR provides complete business continuity which restores access to your data and continues operations as quickly as possible after a disaster.

OFFICE 365

The Office 365 platform is in the cloud, making it easy to access and flexible. At EMPIST, we create a seamless Office 365 migration process for our clients. You can sit back and relax as we transfer your company's data and more into the cloud.
